

Technical Overview

# PRE-CUT MASKING SHAPES

*Conformal coating solutions made easy*

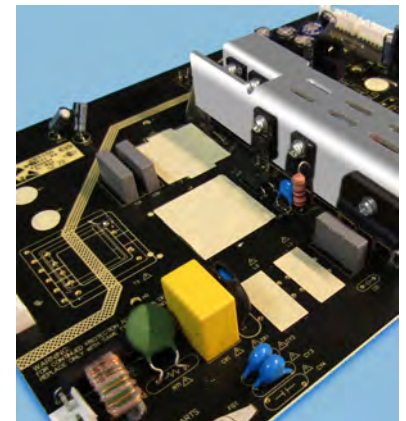

## Why pre-cut masking shapes can save you money in the conformal coating process

**Custom masking shapes are used to speed up the conformal coating masking process for printed circuit boards.**

Our masking shapes are extremely easy to apply and very convenient to use. They are pre-cut and customized to the size you require. We supply them on sheets or rolls depending on your needs and are specifically designed to work alongside our masking tapes and dots.

### The Benefits of using our custom shapes

- Designed for conformal coating
- Residue free
- Compatible with solvents
- Do not cause de-wetting
- Removed easily
- Prevent bleeding and leaking

### Ask for a quote for our pre-cut masking shapes now!

Using our custom shapes means you can save a lot of money very quickly.

### Contact us now

Find out how we can help you with your conformal coating masking process and help save you time and money now.
